

Introduces the **ALL NEW Dual Bed Model 2822**

-  **More Capacity**
Available in a long bed configuration offering 30-40% higher capacity
-  **Easy Replacement**
Standard length frame has the same footprint of the original Series 2800
-  **Discharge Assemblies**
Choose either the all new, patented Natural Flow™ Gate or the high capacity auger discharge (shown here)
-  **Totally Redesigned Drive Case**
All mechanical drive using Polychain belts
-  **Permanent Drive Alignment**
Heavy-duty stainless steel baseplate is part of the frame, eliminating most misalignment possibilities
-  **Roll Bearings**
Available with a new long life discharge bearing
-  **Improved Product Tumbling**
Sine wave roll technology lifts and turns each potato
